

Saint Vincent College is a wonderful small college located in Latrobe, Pennsylvania, offering excellent opportunities for both academics and athletics. Saint Vincent College is home to the Pittsburgh Steelers training camp and now also home to the fastest growing sport in the United States.

I have contacted you because we are recruiting for our Men's and Women's Rugby Clubs. Saint Vincent College Rugby was founded in 2014, and has already experienced rapid growth. The Men's club has been to the Championship match twice despite our youth. Our Women's club has finished second in our conference for Fifteens and took first place this past fall in a Sevens season. We are looking to add great student athletes to the Saint Vincent College Rugby Family.

We hope that you will pass this information out to your student athletes, and that they are welcome to contact us. We also welcome any contact information for your players you can pass along so we could reach out to them to begin the recruitment process. Our success at Saint Vincent Rugby has come from putting the student first and understanding the needs they have, to prepare them for futures beyond our four years together. We offer tutoring by our own club members, flexible schedules for practices, and a strong graduate presence to assist players in finding careers and more rugby opportunities post graduation.

Thank you very much for your time, we look forward to hearing from you please feel free to contact us!!

Mike Murphy`

Director of Rugby
