It is still important to apply -

While meals are free of charge to all students through the fall, it is still important for families who qualify for free or reduced price school meals to apply for that help. Being approved now will ensure a smooth transition when this special program ends at the end of December. This information is also used to help determine funding for school programs and can provide your family with discounts for Chromebook insurance, childcare, and internet services. A family of four with a monthly gross income of \$4,040 will qualify for help paying for school meals for the entire school year. Forms and information to apply can be found on our web page.

We've made changes to keep students and staff safe. Here's what you need to know:

- Staff received training to ensure that they wash their hands, wear masks and gloves, quarantine when not well, and continue all of the safety precautions that we follow even when there isn't a pandemic.
- Cafeteria serving lines have been fitted with plexiglass shields at points where staff and students cannot maintain 6-feet of separation.
- Students will come to the cafeteria to get their meal and will take it to a classroom to eat.
- Food will be served directly to students or will be fully packaged to allow students to safely self-select. Condiment packets will be provided in place of shared use bottles and pumps.
- Reusable dishes and trays have been replaced with eco-friendly disposables.
- Payments for school meals may not be needed while meals are free. But if you do need to submit a payment, please pay on-line at www.MySchoolBucks.com or mail checks to: SCASD FSD, 653 Westerly Parkway, State College, PA 16801. When mailing checks, be sure to include the name of the student(s) for whom the check is intended, the school(s) they attend, and a phone number in case of questions. Make checks payable to SCASD FSD.
