August minutes were approved.

Denise gave us the treasurers report, we are good with money right now. Details in her report. Most of our income is in for the year.

Treasurer's report was approved.

Matt gave us his report:

Thanking everyone for the help with preseason meals etc. Matt Baney requested some help with food etc. at half time so the players don't cramp up as much.

The boys love the gear/ clothing so far. Might do another clothing order.

Trying to keep the kids spaced while they eat. The new headsets are working well, more coaches have them which is helpful.

It's been tough not to have more time outside to practice, working through it.

Denise spoke about concessions. Food services felt it went well. Waiting to hear about our role and the rules. When we figure it out, we will send out a sign-up genius. The concession stand is a licensed facility so there are many regulations that we need to follow.

Homecoming parade details were discussed.

Our last game is Senior night October 29.

No date yet for teacher appreciation. We think it will be done virtually. Or may try to do it at the end of a practice.

We will do 50/50 at JV game and proceeds will go to Good Day Café.

Think ahead about banquets and what we want to do.
