

Multiple Disabilities/Life Skills Support

Our staff provides support to students with a wide range of individualized needs. We support students in the general education setting, as well as assist in providing individualized instruction. In addition to fostering peer relationships, students learn to be responsible and independent learners, and to develop a good foundation for learning they will use well beyond their school years. Math and Reading are a curriculum focus, but additional functional skills such as social interaction, mobility, communication, attention, and self regulation skills are also addressed as needed. Our students work hard every day!

Teacher	Support LS=Learning LSS=Life Skills MDS=Multiple Disabilities	Building Assignment
Lee, Jennifer	MDS, LSS	High School
Moyer, Autumn	LS, LSS	High School
Pazak, Lisa	MDS, LSS	Mount Nittany Middle
Scheuchenzuber, Courtney	MDS	Easterly Parkway
