

**Enrolling Now!**

**Training Start Date:  
June 20, 2023**

**Pennsylvania College of Technology is now offering the Advanced Manufacturing Pre-Apprenticeship (AMP) Program to recent high school graduates!**

**AMP can be your first step toward a lifelong career in an industry where there is opportunity for advancement and well-paying jobs.**

This 12-week program is a career exploratory program that prepares pre-apprentices with an understanding of technical knowledge and training and career opportunities in the Advanced Manufacturing Industry sector.

**AMP pre-apprentices will have the opportunity to:**

- Learn foundational knowledge and skills that will prepare them for entry-level employment in a variety of manufacturing occupations
- Earn the Certified Manufacturing Associate industry certification
- Network with manufacturing employers in a variety of fields
- Prepare to enter a Penn College registered apprenticeship program (Mechatronics Technician, Industrial Manufacturing Technician, CNC Operator) in partnership with a local manufacturing employer

**Program Details:**

- AMP Schedule: June 20, 2023 – August 31, 2023, Tuesdays & Thursdays, 9 a.m. – 12 p.m.
- Instructional Core: Online Learning through Tooling U (self-directed)
- Instruction, including hands-on lab sessions, held at Penn College Campus
- Networking opportunities with Manufacturing Employers
- Preparation to earn the Certified Manufacturing Associate industry credential

**Pre-apprentices are supported by professionals at the PA CareerLink® through every step of the program!**
