Dear Colleague,

We hope your semester is going well. We would like to take the time to share with you a great summer program for rising juniors and seniors.

Bucknell Academy Summer Experience (BASE) is a collaborative residential experience where students are invited to explore the value of a liberal arts perspective in making challenging decisions to improve today's world. At BASE, faculty and students from various academic disciplines will engage in classroom discussions in an effort to come up with creative solutions. BASE participants will have the opportunity to:

- Learn about exciting current world issues
- Develop creative problem solving skills
- Collaborate with faculty and peers
- Experience the liberal arts education
- Explore Bucknell's campus

We do not want the cost of the BASE program to be a deterrent for any of your students and their families. Therefore, we are providing the option of receiving financial assistance to cover the cost of tuition for this year's program to selected applicants. While transportation costs are not covered by the program, there will be shuttles available to assist in the process of getting students to and from campus.

Dates: June 23 – 28, 2024

Eligibility: High school students who will be rising juniors or seniors are welcome to apply.

Application: The deadline to apply is March 16, 2024.

Notification: All applicants will be notified by early-May 2024.

Enclosed please find postcards to share with your creative, innovative and collaborative students who you think would benefit from the experience. If you have questions, please contact us at BASE@bucknell.edu or 570-577-3000.

We look forward to welcoming your students to campus this summer!

Sincerely,

Kevin Mathes
