Transportation Release Form
Request to Transport a Non-Family Member Student-Athlete from an Event

Team Travel

It is expected that all student-athletes will use the transportation provided by the school district to travel to and from athletic contests. There are several reasons for this procedure but foremost are safety, security, and legal liability. The school district realizes that there are exceptions or extenuating circumstances that may be approved by the Athletic Director(s). For those circumstances involving the transport of a non-family member, the following procedures must be followed:

- Students who require ANOTHER family (non-family member) to transport them from an event, both families must submit to the athletics office a completed and signed "Transportation Release Form" **no later than 3 p.m.** the day prior to the competition.
