

# Keep Your HSA When You Change Your Health Plan

If you leave your Qualified High-Deductible Health Plan (QHDHP), you can still keep your HSA with us, and use your HSA just as you do now. Your HSA funds are yours to use, no matter what plan you have.

## Changing Your Health Coverage

When you switch health plans, your HSA may no longer be connected to your health care coverage; it is then called a “stand-alone” HSA. This happens when you:

- End your medical coverage with us
- Move from a QHDHP to non-qualified coverage, with the same employer
- Move from a QHDHP to non-qualified coverage, with a new employer

## Contributing to Your HSA

Only those members who remain in a QHDHP plan (with coverage from any carrier) can still make contributions to their stand-alone HSA.

## Using a Stand-Alone HSA

When you become a stand-alone HSA account holder, you will:

- Keep your same HSA custodian and account number
- Get new debit cards
- Pay a monthly fee of \$4.50

### You can continue to:

- Use the money in your HSA for eligible expenses
- Call the same customer service number
- Log in and use your HSA on the member website, without registering again

Log in and use your HSA at [highmarkblueshield.com](http://highmarkblueshield.com).

- Click on the **Spending** tab.
- If you want to view your claims and coverage for a plan you previously had, click on **Your Account** on the home page, and select **View Site by Plan**.

If you have any questions about your HSA, please call the Member Service number on the back of your HSA debit card.
