

# SCASD Scoop

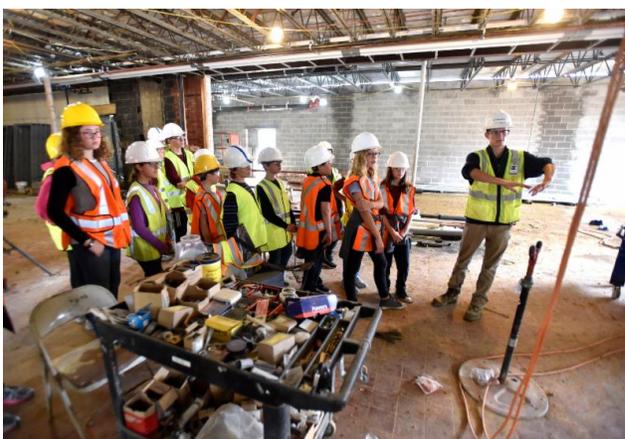

November 2018

Dear SCASD Community Member:

As quickly as the leaves are falling, November has arrived, and the school year is zipping along. But there's always time to take a break and check in on some of the learning experiences and activities engaging our students on a daily basis.

Best wishes!

Chris Rosenblum & Nabil K. Mark  
SCASD Communications

## Construction Instruction

On a sunny afternoon, the Delta Program construction technology class visited its future building in progress on the high school campus — part of a State College Area School District plan. The district decided the State High Project should serve as an educational resource. [Read more](#)

## School Bus Safety

Since August, SCASD has reported almost 30 drivers for passing a school bus with flashing lights. This puts our students in danger, and the penalties are severe, so please be aware when you see a school bus, and if the lights are flashing, STOP!

## Going Live

For the first time, the high school's broadcast station, WSCH, live

streamed the Homecoming Parade on Facebook. Before an audience of thousands, commentators Ella Simpson and Jack Clark served as the on-air personalities. [Read more](#)

## Goals for Good

The Lady Little Lions soccer team completed its Goals for Good campaign with 74 goals scored by the varsity and junior varsity squads over 28 games, raising \$8,158.23 to benefit Centre Safe. [Read more](#)

## IB World School

With its newest academic choice, State High now belongs to a worldwide community. International Baccalaureate, an educational organization that offers a globally-focused curriculum, recently approved State High to be an IB World School. [Read more](#)

## For Good Troupe Shines Spotlight on Performers Who Have Down Syndrome

The For Good Troupe is a community theater group like no other. Since 2012, the troupe has paired performers who have Down syndrome with community peers to stage semi-annual productions of musical theater.

## Certified CentreREADY

This fall, the Chamber of Business and Industry of Centre County joined the county's five school districts and two career/technical institutions in launching the CentreREADY program, a collaborative initiative aimed at helping companies hire employees with desired core skills and competencies. ## Rave Reviews for STEM

Reading about a fictional character's story and helping to imagine, plan and create a solution to his problem is one way elementary students are being introduced to science, technology, engineering and math with the new STEM curriculum introduced this school year.

## State High Open House

Recently, hundreds of community members enjoyed touring the new State High building and learning about the next phases to be implemented during the open house. Stay tuned, we'll be having more opportunities to tour the building as we approach opening day in the fall of 2019.

### Let's Go State, Let's Go State!

Sparkly pom poms, white bows and daring stunts: This is the reality of the State High Cheerleaders. At every football game you can see these athletes cheering on our players, pumping up the crowd and performing complex stunts. [Read more](#)

### Thank an Educator!

November 12-16 is American Education Week, so please take a minute to recognize educators for the great work they do everyday for our students.

### Picture Perfect

Congratulations to State High Technology Engineering Education/STEM Teacher Troy Alesi for serving as the Honorary Grand Marshall during the Penn State Homecoming Parade!
