

Program Parent Handbook

The Ferguson Elementary School-Wide Positive Behavior Intervention And Support System (School-Wide)

What is School-Wide?

School Wide is a system of behavioral expectations created to foster a positive school culture where students are safe, happy, and ready to learn. At Ferguson, we call this the STAR program.

Some of the components include:

- Clearly defined school-wide expectations
- Instruction, modeling and practice of expectations for each school setting along with visual reminders throughout the school
- An Acknowledgement System (tickets) for students
- Participation by all students, teachers, staff, and families

What is the mission of the STAR program?

The Ferguson School Wide mission is to implement a proactive system in which all Ferguson Elementary community members will feel safe, happy, and ready to learn.

What does STAR stand for?

At Ferguson, we use the acronym STAR to help students remember the core expectations or STAR Powers: Show Kindness, Take Responsibility, \underline{A} ct Safely, and Respect Others.

Where does STAR take place?

STAR behavior is expected in all school environments including classrooms, hallways, restrooms, assemblies, lunchroom, on the playground, and on busses.

How is STAR implemented?

The STAR program begins on the first day of school and runs through the entire school year. Teachers and staff in each of the school environments explicitly teach students STAR expectations. An acknowledgement system is in place in order to encourage and reinforce the STAR expectations.

(Continued...)

What is an Acknowledgement System?

All people appreciate being acknowledged for good work. School-Wide programs implement acknowledgement systems in order to recognize and validate positive behavior. When teachers and staff see students using STAR powers, they may hand them one of these tickets.

These tickets can be entered into drawings for tangible rewards such as school spirit items or intangible rewards like lunch with the principal or extra recess for the class. The students also work towards earning an "All School" such as a movie or DJ sessions.

How can parents and families support the STAR Program?

We ask that you review the "Behavior Expectations" as well as the "Minor and Major" behavior problems included in this booklet Discuss them with your child. We also ask that you:

- Reinforce the expectations at home. Parents/guardians are the best role models for their children. Children often imitate behaviors they see at home. Encourage your child to make smart choices at school and at home.
- Ask your child about their school day. Keep communication open between you and your child's teacher throughout the school year. Ask your child about "STAR" tickets. If your child earned a ticket, praise your child for being a Ferguson STAR!
- Attend meetings if there is a behavior problem that needs follow-up.

What happens when a student has difficulty following the STAR Expectations?

We hope that all students will be successful in our STAR program; however, we know that there will be problems from time to time. The School Wide team has identified potential behavior problems and categorized them as "Minor or Major." In most cases, teachers or staff will address minor behavior problems. If a student commits a major behavior offense, they will be referred to the principal. A copy of the referral will be sent home with follow up communication. Consequences for inappropriate behavior may include, but are not limited to the following: a student/principal conference, a warning, a student/teacher/parent conference, loss of privilege or an out of school suspension. An example list of potential behavior problems is included at the end of this booklet.

Ferguson STAR Behavior Expectations
