

Dear Parent(s),

Your school subscribes to myON, where students can access a wide variety of books 24/7 from home on any device. We are offering an opportunity to learn how students can use myON at home during this time of distance learning.

IMPORTANT INFORMATION:

If you want to access myON prior to the webinar here are some additional pieces of information that you need to know about your students first login session:

- Interest Inventory: Students will be asked to rate each category on the page, by choosing the face that shows how interested they are in that category. When they finish, select **Save**.
- Placement Test: Students will be asked a series of questions that adapt to your students' level. This will determine the books that are recommended. This could take up to 35 minutes to complete. They do not need to finish in 1 sitting. It will pick up where they left off the on the next log in. Encourage your students to give this test their best effort letting them know they may see questions they do not know the answers to and that is ok.
