

MEMORANDUM

TO: Board of School Directors

FROM: Megan Schaper, SNS
Food Service Director

RE: Food Service Pricing for 2015-16

DATE: June 4, 2015

I request approval of the school meal price structure as listed below for the 2015-16 school-year. These prices reflect an increase for school lunches but no increase in the prices for breakfast and milk.

These prices were used in the development of the Food Service Department budget. Further, they reflect the price increase indicated by USDA to be in compliance with the Paid Lunch Equity (PLE) Rule. This rule requires schools that, on a weighted average, charged less than \$2.70 for paid lunches in 2014-15 raise prices by an amount determined through the PLE tool but not to exceed \$.10.
