

**State College Area School District  
Office of Physical Plant  
Ed Poprik, Director**

To: Board of School Directors  
From: Ed Poprik  
RE: **Award bid**  
Date: July 25, 2016

Recommend that the Board of School Directors award the Bus Garage Drainage Swale Stabilization (Phase 2) bid to the low bidder, R. C. Bowman Inc., in the amount of \$50,800.00.

**Background:** This project is a continuation of a drainage swale and bridge repair project that was started in the Fall of 2015. This is the second and final phase of that project. The full project was to make repairs to a badly eroded drainage swale that runs through the Radio Park property, separating the bus parking area from the bus garage. Phase 1 stabilized the bank on the west side of the swale and repaired the failing bridge over that swale. Phase 2 will stabilize the bank on the east side of the swale.

Phase 1 bid costs were \$207,000.00. This phase, as well as the earlier phase, are both funded from the Physical Plant 5-year capital improvement plan. This is the final project for this year of the capital plan.

A table of all bidders is shown below:

<u>VENDOR</u>	<u>BASE BID</u>
R. C. Bowman, Inc.	\$50,800.00
Glenn O. Hawbaker	\$80,605.00
Keystone Enviro-Vac Services	\$143,500.00
