SUBJECT: **Recommendations For New Textbooks For 2014-15 School Year**

In accordance with State College Area School District Board Policy #108, I am proposing the adoption of secondary textbooks for World History I & II, and Biology for the 2014- 2015 school year.

These instructional materials were presented as an informational item at the June 9, 2014, School Board Meeting. They were also on display and available to the public for review and comment in the Office of the Assistant Superintendent from June 9, 2014 through July 9, 2014. In an effort to procure the textbooks prior to the beginning of the 2014-15 school year, I am proposing the adoption of these textbooks at the July 14, 2014 meeting.

Thank you.
