RE: Foreign Exchange Student Request to Override Policy 239 – Foreign Exchange Students

Please accept this memo as a request to the State College Area School Board to override policy 239 – Foreign Exchange Students from 5 non-tuition paying per year to 6 non-tuition per year for the 2016-2017 school year only and to accept the placement of the foreign exchange student from Italy in the Delta Program as the non-tuition paying student.

The purpose of this request is to allow the Delta High School to experience a foreign exchange student placement and evaluate the benefits of the placement to determine future requests.

The Policy is written as follows:

The administration may approve tuition waivers for up to five (5) foreign exchange students per year who are residing in the district and who are not provided tuition support by their sponsoring agencies. The waivers shall be determined on a first come first serve basis. Any additional students above 5 may be admitted, but any such student shall be on a tuition paying basis. The period of attendance shall not exceed one school year and the total number of foreign exchange students for one year shall not exceed 10.

Thank You.
