

**State College Area School District
Office of Physical Plant
Ed Poprik, Director**

To: Board of School Directors

From: Ed Poprik

RE: **High School 90% Review**

Date: June 8, 2015

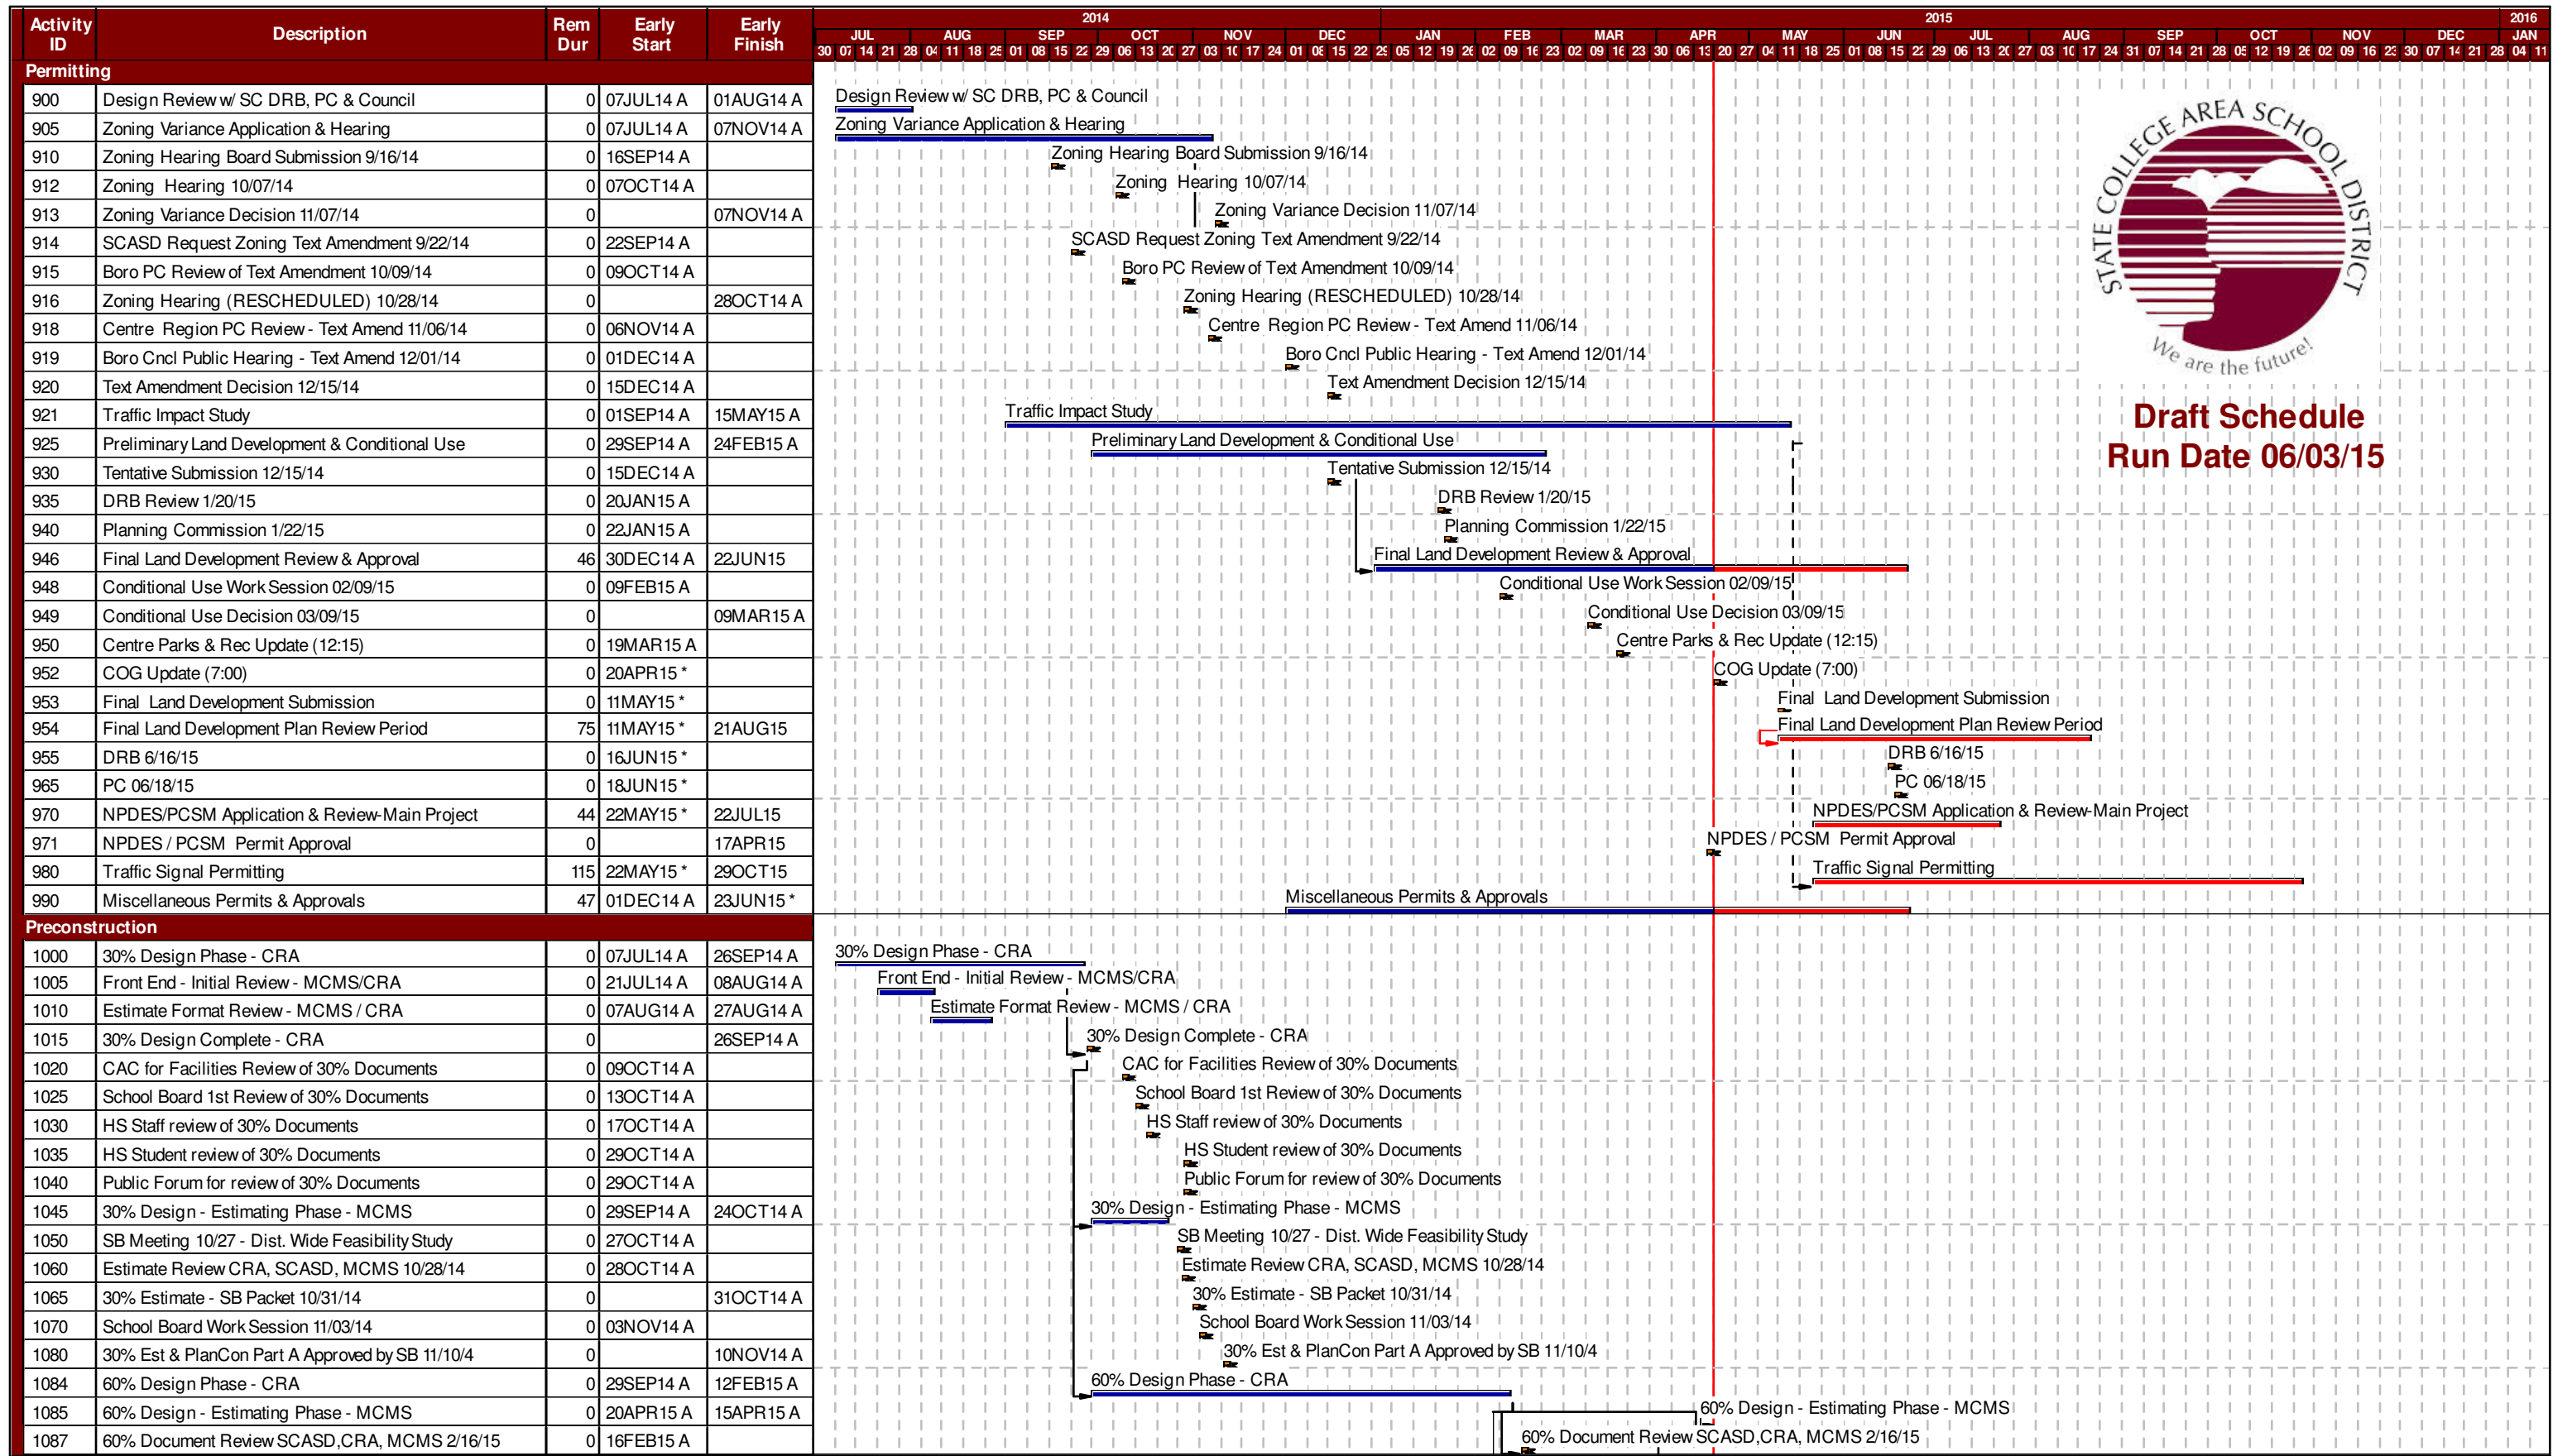

Under separate cover, instructions to access the 90% review documents have been conveyed. Additionally, a presentation for the meeting is attached to the agenda.

The primary change in floor plans will be seen in the physical education area, which has been advanced from Concept to 90% during the past several weeks. The team will review this during the presentation. The majority of project work since the 60% review has been to advance the MEP drawings (Mechanical, Electrical, Plumbing).

The focus for the coming month will be to complete an estimate for the 90% progress documents and further advance to drawings towards a bid package. Milestones for the remainder of the design and bid phases include:

- June 15 Work Session on 90% documents
- June 16 Community Forum on 90% documents
- July 13 Board review of 90% estimate
- July 27 Board approve 90% and Construction docs. -
- Sept. 1 Open bids
- Sept. 2 or 3 Work Session to Review Bids and Alternates
- Sept. 9 or 10 Special meeting (tentative if needed)
- Sept. 16 Award bids

An updated project calendar is attached.
