

# STATE COLLEGE AREA HIGH SCHOOL

30% SUBMISSION  
OCTOBER 13, 2014

## How will construction impact students?

**Student safety and learning** are the most important considerations in the State High Project planning process.

This document will help identify the construction phase(s) planned for each year of a student's high school experience:

**Phase 1-** Students will attend classes in the current buildings while new construction proceeds in the current South Building parking lot.

**Phase 2-** Students will attend classes in the current North Building and in the newly-constructed South portion while renovations and additions occur to the "back" of South Building.

**Phase 3-** Student classes are phased into the completed South Building while demolitions and new construction are completed to the North Building. Construction completed in summer 2018.

### **Current Junior**

Senior Year: Phase 1

### **Current Sophomore**

Junior Year: Phase 1

Senior Year (fall): Phase 1

Senior Year (spring): Phase 2

### **Current Freshman**

Sophomore Year: Phase 1

Junior Year (fall): Phase 1

Junior Year (spring): Phase 2

Senior Year: Phase 3

### **Current 8<sup>th</sup> grade**

Freshman Year: Phase 1

Soph. Year (fall): Phase 1

Soph. Year (spring): Phase 2

Junior Year: Phase 3

Senior Year: Complete

### **Current 7<sup>th</sup> grade**

Freshman Year (fall): Phase 1

Freshman Year (spring): Phase 2

Sophomore Year: Phase 3

Junior Year: Complete

### **Current 6<sup>th</sup> grade**

Freshman Year: Phase 3

Sophomore Year: Complete
